The VMOA has kicked off a brand new advertising/sponsorship campaign for our website, We'd be more than happy to discuss with anyone the many new options the VMOA website has to offer. As for the VBOOST magazine, we are not publishing this magazine anymore until we find a new volunteer editor and then it will be only a digital online option. For the website, currently have the following advertisement/sponsorship specials currently available:

1. \$75/year - rotating header banner
2. \$50/year - public facing only (non member landing page) - fixed left side block
3. \$50/year - member facing only (logged in users only) - fixed left side block
4. \$80/year - Available to all (both non member and member landing pages)- fixed left side block
5. \$90/year - Available to all - fixed bottom footer block
6. \$150/year – Options 1 and option 5.
7. \$140/year – Option 1 and option 4.

Rotating means you share the banner space with other vendors. A fixed block means that you have a dedicated block that is always shown on the viewer's area selected. All advertisers/sponsors will get a fixed sponsor banner on the bottom of the website that is show to all www.VMOA.net viewers.
